## **Flower Essence Selection Guide**

Sourced from *Choosing Flower Essences: An Assessment Guide* by Patricia Kaminski

Directions: Take a quiet moment to read the questions pertaining to each flower. Try to be *spontaneous* when choosing your answers. Pause for a moment to consider each question, but do not overanalyze your responses.

**Assign each question a ranking from 0 to 5 on the following basis:**

**0 Never**

**1 Hardly ever**

**2 Rarely**

**3 Sometimes**

**4 Often**

**5 Most of the time or always**

Place the ranking beside the circle at the beginning of the question. You may also wish to mark or underline key words, phrases, or entire questions or essences which evoke an especially strong recognition or emotional response. Approach this assessment as an opportunity to practice loving kindness towards yourself! Essences ranked 4 or 5 are likely suited for you at this time. Take note of any recurrent or interconnected themes.
